**KCTCS Fire Training Center**  
*Fire Training Commission – Lexington, KY*

**Project Description:**

Design of Modular Classroom training and office building for the Fayette County Fire Commission. Project was funded by DECA and KCTCS.

**Engineering Highlights:**

**Electrical/Data:**

Project included data and fiber systems for classroom and office areas. Project was located in challenging area where utilities had to be relocated. A new sanitary life station and force main were required to tie new building on existing system.

Restrooms were ADA compliant. HVAC systems were individually zoned packaged systems.
